Add Store Listing to OWF

OZONE Point of Contact:

goss-support@owfgoss.org

Purpose:

- The Store enables users to search, discover, create and use a variety of applications or software components that are known as "listings."
- Like commercial software stores, the Store
 offers quick, easy access to business, mission
 and convenience applications.

- System Requirements:
 - Supported Application Server:
 - Apache Tomcat 7
 - Supported Database:
 - MySQL
 - * Oracle, PostgreSQL and SQL Server will be tested in future releases.
 - Supported Browsers:
 - Internet Explorer 7 & 9
 - Firefox 17
 - Chrome 25

The Store

Access the Store

From the **OWF** toolbar, click the **Store** button to open the Store.
